

We specialize in handling marine cargo investigations as well as conducting loading and discharge surveys.

Our surveyors ascertain all the facts along with the nature, cause and full extent of all damages.

Prompt, comprehensive and non-prejudicial survey reports are created and timely produced.

Being uniquely and proudly located in the center of the southern heartland, Tenco Marine Services is here to meet your marine surveying and inspection needs 365 days a year.

In territory rich with water and overland transportation routes, our experienced surveyors can provide the most efficient approaches to deliver professional results.
